

All about John.....

John was walking along the road after school when he met Elaine at the bus stop. He stopped to talk to her. They talked about the lesson on the environment that they had this afternoon.

With a partner, write the first 6 lines of the dialogue/conversation that they had.

They said goodbye and John made his way home. On his way home he took a short cut through the park.

What did he find in the park? What did he see? Did he meet anyone else? Did he hear anything? What smells were there? What was he thinking about? Birds and animals were moving about. What birds and animals? What were they doing? What different types of plants and trees were there?

John arrived home at.....o'clock. His mother had been expecting him home ages ago.

Describe John's mother and draw a picture of her (if you wish).

John went straight to his bedroom. *Describe John's room. Draw an outline of the room using cuisenaire rods.*

He rings his best friend. Write out the conversation in pairs and act it out.

He wrote his entry in his diary and listened to some music. *Write the entry of the diary for the day and decide what music he was listening to?*

He thinks about what is he is going to do in school tomorrow. What does he think about?
